Subject: Re: Rowing in one direction

Good morning Bob,

Three questions:

1: when you use "`docker run`", what is the command you're using?

[Bob] I'm using `docker run -it <name_of_image>`

2: when you use "`foobar epsilon`", what command are you using?

[Bob] I'm not sure what that means. Are you available for a phone call later today?
